

Scholarship Reception and Fall Welcome

October 7, 2020

friendship • enrichment • scholarships

Founded in 1914

University Farm Circle was the name selected in 1914 by the founding group of 24 women. We retain this unique name today as a reminder of our roots on the “University Farm” and of the long history of our organization.

In 1983, Chancellor James Meyer granted UC Davis Support Group status to UFC. This special status formalizes a close and continuing relationship of UFC to the University.

Membership is open to all who are interested in participating in an organization that is both social in nature and supportive of the University of California, Davis.

UFC has a wonderful series of events planned for 2020-2021 and looks forward to an exciting year. For a list of programs and interest sections, please visit our website, www.ufcdavis.org.

Scholarship Reception and Fall Welcome

Wednesday, October 7, 2020

4:00 p.m. - 5:00 p.m.

Jennifer Addleman

McKenna Weitzel

Newcomers' Welcome and Events.....Ann Fersht

Program and SectionsCarlene Ozonoff

Congratulations and Closing Statement..... Molly Hillis

University Farm Circle Scholarships

2020-2021

Please note that this year's recipients are the same as last year's because our usual award procedures were interrupted due to the Coronavirus pandemic.

Marion Freeborn Undergraduate Scholarship

JENNIFER ADDLEMAN is majoring in Neurobiology, Physiology and Behavior with a minor in Nutrition Science and Management. She plans on attending medical school to become an Integrative and Functional Medicine Doctor. She works in the Human Performance Lab as an Undergraduate Researcher and as a volunteer in the pediatric emergency department of the University of California, Davis Medical Center. In her free time she engages in physical activity and outdoor adventures. Her balance of studies and physical fitness seem to be working as she has earned a perfect grade point average in a STEM major with two minors.

MADELINE BRIGHT is majoring in Biological Sciences, planning to pursue a M.D./Ph.D. in Cancer Biology, as well as an M.D., to practice as a pediatric Oncologist. Her research work in the David Lab at UC Davis has helped further her career inspirations. As a future researcher, she wants to remain connected to what her research is about at its core: improving human lives.

ROSE COHEN-SANDLER is majoring in Biochemistry and Molecular Biology. She has been eager to pursue a career in medicine from a young age. As an undergraduate medical assistant for Clinica Tepati, a student-run clinic at UC Davis, she has learned the importance of providing culturally-sensitive healthcare. She hopes to incorporate this knowledge and serve underserved communities in her professional career. Rose is also a member of Vision Dance Troupe, a contemporary and jazz dance company. Dance helps create balance in her life and is a healthy way to release stress.

Kate Fizell Founder's Scholarship

McKENNA WEITZEL is majoring in Environmental Policy Analysis and Planning. She plans a career advocating for sound environmental and ecological practices. Her appreciation of wildlife and conservation is what inspired her to major in this field. Teaching, research and public service are all viable future career options. While at UC Davis, she has volunteered with the Special Olympics Club, become a part of the UC Davis Women's Rowing team and worked for the Gold Country Wildlife Rescue Center.

Carol Lee Coss Memorial Scholarship

Cozette Ellis is a Design Major and plans to pursue design as a career. She is inspired by the human-centered goals of the program that will help her do good work for people, not profit. She is constantly learning, so that her career plans will morph with the classes and opportunities as they present themselves. She has been involved in community service since the seventh grade and continues to be involved at UC Davis.

UFC Board of Officers

2020-2021

President

Molly Hillis..... 902-9482

President-Elect
